Adult Art Workshops: Journaling **Led by local artist Dr. Bonnie Halsey-Dutton**

Journals are artforms that express the unique individuality of those who create them. Journals can be visual records, handwritten observations, or combinations of the two. Journals can be created through scrapbooking and photographic methods as well as be digitally compiled. Because concepts can be explored through shape and content, journaling can encompass both non-traditional book forms and traditionally rendered formats. Therefore, Dr. Halsey-Dutton's journaling workshops introduce numerous forms of physical journals while prompting exploration of individual human topics and life experiences.

During September of 2019, Dr. Bonnie Halsey-Dutton offers three different Sunday afternoon workshops designed to explore individualistic journaling as a form of creative expression. Enroll in one, two or all three sessions!

September 8th, 15th, or 29th

Each class is limited to 8 participants

Time: 1:00 - 4:00 pm

Cost: \$60.00 each session

Call: [Artifacts Antiques and Art](#) to reserve your spot! 605-641-8758

Workshop Location: Bonnie Halsey-Dutton's Art Studio at 740 N. Main Street, Spearfish, SD

Each week offers different journaling prompts and examples that allow each participant to choose how they explore the art of journaling during the session. The workshops prompt participant experimentation with ways to record their individual life journey and offers an opportunity to foster creative connections between persons within the community. Participants may choose to share their journaling explorations with others in the session, or may opt to keep their work private. Individual growth through creative expression is the ultimate goal of each of the three workshops.

Required Supplies:

A journal, writing paper or laptop computer/tablet for recording individual ideas during the workshop. (Sorry, Wi-Fi is not available)

Writing implements such as pencils, pens, markers: whatever you choose

Participants are encouraged to utilize journals and drawing/writing materials they might currently have on hand. The Artifacts Antiques and Art Studio offers journaling supplies for sale that may be utilized for the class. Attendees are invited to bring journaling samples to the workshop that they might wish to showcase!
